(Granting Request To Withdraw Application and
Closing Record)

On December 10, 1981 this Board requested advice from the Applicant as to any pre-construction activities undertaken at the Pilgrim 2 site which might require conditions to be imposed in this order.

The Applicant has replied and informed the Board and parties as to pre-construction activities undertaken at the site which might require conditions to granting Applicant's request to withdraw its application. The NRC Staff has reviewed the Applicant's reply and states that any activities are environmentally insignificant and no restorative conditions are necessary at this time. The Board concurs.
