Proposed Change #88
Supplement 1

United States Nuclear Regulatory Commission
Washington, D. C. 20555
Attention: Office of Nuclear Reactor Regulation

References: (a) License No. DPR-36 (Docket No. 50-309)
(b) USNRC Letter to MYAPCo dated December 11, 1981
(c) MYAPCo letter to USNRC dated November 18, 1981, FMN-81-169

Subject: Modification of Maine Yankee Technical Specifications Concerning
Feedwater Trip System.

Dear Sir:

Pursuant to Section 50.59 of the Commission Rules and Regulations, Maine Yankee proposed the following modifications to Appendix A of the Operating License.

Proposed Change

Reference is made to the Technical Specifications contained in Appendix A to the Operating License No. DPR-36 issued to Maine Yankee Atomic Power Company for the Maine Yankee plant. We propose to modify these specifications as follows:

- A. Replace pages 4.6-1 and 4.6-4 through 4.6-6 of Specification 4.6 with the attached revised pages 4.6-1 and 4.6-4 through 4.6-6.
- B. Replace page 4.1-9 of Specification 4.1 with the attached revised page 4.1-9.
- C. Insert pages 3.22-1 and 3.22-2 of Specification 3.22

Reasons for Change

Reference (b) transmitted Amendment 59 relating to Maine Yankee's steam line break analysis. During the review associated with Amendment 59, the NRC requested that technical specifications be submitted on limiting conditions for operation and surveillance of the main feedwater isolation system assumed to function in the steam line break analysis. This proposed change is submitted in response to that request.

Safety Considerations

This change is not considered to constitute any increase in risk to the public health and safety. This change has been reviewed by the Plant Operation Review Committee and Nuclear Safety Audit Review Committee.

Fee Determination

This proposed change requires an approval that involves a single safety issue and is deemed not to involve a significant hazards consideration. For these reasons, Maine Yankee Atomic Power Company proposes this change as a Class III Amendment. A payment of \$4,000 was submitted along with Reference (c).

Schedule of Change

These changes to the Maine Yankee Technical Specifications will be effective upon Commission approval.

We trust you will find this submittal satisfactory, however, should you have any questions, please feel free to call.

Sincerely,

MAINE YANKEE ATOMIC POWER COMPANY

John B. Randazza
Vice President

JBR/bjp

Enclosure

STATE OF MAINE)
)ss
COUNTY OF KENNEBEC)

Then personally appeared before me, John B. Randazza, who, being duly sworn, did state that he is a Vice President of Maine Yankee Atomic Power Company, that he is duly authorized to execute and file the foregoing request in the name and on the behalf of Maine Yankee Atomic Power Company, and that the statements therein are true to the best of his knowledge and belief.
