ACT REQUEST

FOIA-81-385
Rec'd 9-28-81

Dear Mr. Felton,

Under the provisions of the Freedom of Information Act,
5 U.S.C. 552, I hereby request the following information:

1) Any and all documents and records relating to any previous involvement by Mr. Lawrence Brenner in any licensing matters before the Nuclear Regulatory Commission on applications submitted by the Philadelphia Electric Company, prior to his recent appointment to the Atomic Safety and Licensing Board for Dockets 50-352 and 50-353.(OL)

This shall include:

- a) any previous involvement with the Limerick Construction Permit proceedings, and technical reviews at any stage of the project.
- b) the same information for any other applications before the NRC from the Philadelphia Electric Co.

2) The same information requested above, as it applies to Dr. Richard F. Cole and Dr. Peter A. Morris, both of whom have also been appointed to the ASLB for Dockets 50-352 and 50-353.

As you know, the act permits you to reduce or waive fees when the release of information is considered as "primarily benefiting the public". As a possible participant in this licensing case before the Commission, I believe that our request fits this category. Should there be any questions regarding this matter, please call me immediately at the number listed above.

In view of the present schedule regarding this proceeding, I would appreciate your handling this request as soon as possible, and I look forward to hearing from you within 10 days, as the law stipulates.
