Dear Mr. O'Reilly:

On December 22, 1981, the NRC (Mr. C. Julian) was informed that the subject item was considered potentially reportable per the provisions of 10CFR50.55(e). The intent of this letter is to inform you that, due to the extent of this problem, we have not been able to complete our reportability evaluation on this matter. It is anticipated that the field investigation of this problem will be completed by April 1, 1982, and the reportability evaluation will be completed by May 1, 1982, at which time the NRC will be informed of the results of our evaluation.

Thank you for your consideration in this matter.

KVH/gea

Yours very truly
