)

ORDER CANCELLING SCHEDULED EVIDENTIARY SESSION

On February 8, 1982, the Board was advised by telephone that for financial reasons, CFUR was withdrawing all of its remaining contentions. Since the evidentiary sessions scheduled to begin on March 9, 1982 were to address matters in controversy related to CFUR's contentions, those sessions are hereby cancelled. The board will await and consider CFUR's written filings on the matter of withdrawal before determining the appropriate disposition of CFUR's contentions. The parties are also invited to respond on these matters.

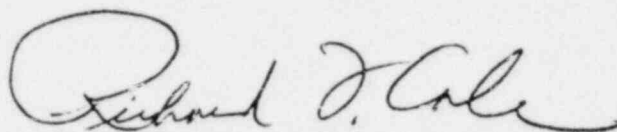

As regards other matters, the parties are advised that discovery on Contention 5 will terminate on March 29, 1982. This cutoff date includes

D502
3
1/0

time to provide responses; therefore it will be necessary for the parties to initiate their discovery requests with sufficient lead time for responses within the time provided in the Commission regulations.

It is so ORDERED.

FOR THE ATOMIC SAFETY AND
LICENSING BOARD

A handwritten signature in cursive script, appearing to read "Richard F. Cole". The signature is written in dark ink and is positioned above the printed name and title.
