BRANCH

MEMORANDUM FOR: All Parties
FROM: Peter A. Morris, Member *Peter A. Morris*
Atomic Safety and Licensing Board
Limerick Generating Station
Operating License Proceeding
SUBJECT: PHILADELPHIA ELECTRIC COMPANY
LIMERICK GENERATING STATION, UNITS 1 AND 2
DOCKET NOS. 50-352 AND 50-353

On December 22, 1981, I transmitted to the Parties a memorandum disclosing such prior involvement in matters touching the Limerick operating license proceeding. This was supplemented by memorandum of December 31, 1981. My conclusion was that my ability to consider impartially the issues in the current proceeding was unimpaired. I offered, however, to consider any objections to my participation served on me by January 22, 1982, before finally determining whether I should participate. No such objections have been received as of today. Accordingly, I now determine finally that I shall participate in the Limerick operating license proceeding.
