Docket No. 50-466

13 Feb. 1982

Motion for Review of Dates  
For Re-opening Hearing  
And continuence

In view of Applicants expressed doubts about construction of ACNGS for financial reasons (see HL&P spokesman Austin American Fri. 5 Feb. 1982) and similar expressions of doubt in Houston, Intervenor requests that all further action on this Permit Application including further hearings be postponed till such time as Applicant states in writing that he is irrevocably committed to build the ACGNS should he receive a construction permit to so do..

This motion is made in the interest of reducing expenditures of additional public monies on this proposed project in which the Applicant now, with good reason, expresses serious doubts of ever completing because of financial considerations..

Respectfully submitted  
Intervenor

David Marrack
