

December 31, 1979

MEMORANDUM FOR: Roger J. Mattson  
TMI Action Plan Steering Group

FROM: Frank L. Ingram  
Office of Public Affairs

SUBJECT: UPDATE OF NRC DRAFT ACTION PLAN (NUREG-0660)

This is in regard to your December 14 memorandum, same subject as above. None of the III.C tasks constitute "...requirements for fuel load or full power operation of near term OL's, or ...are to be implemented on any operating reactors within one year..."
