Dear Mr. Tedesco:

In response to your letter of January 12, 1982, Georgia Power Company submits the following information:

Georgia Power Company expects to submit an application for Operating License for Plant Vogtle in September, 1983. This is based on an expected construction completion/fuel load date of September, 1986.

We do not expect to submit any applications or requests for review in categories 2 to 6 of your letter during the designated time period between now and December 31, 1984.

We regret that this response does not meet your requested deadline for reply; however, your request was not received in this office until February 12, 1982.

Sincerely,

J. T. Beckham, Jr.
