Docket No. 50-456

Docket No. 50-457

Commonwealth Edison Company

ATTN: Mr. Cordell Reed

Vice President

Post Office Box 767

Chicago, Illinois 60690

Gentlemen:

Thank you for your letter dated February 4, 1982, informing us of the steps you have taken to correct the items of noncompliance which we brought to your attention in Inspection Report No. 50-456/81-14; 50-457/81-14 forwarded by our letter dated January 5, 1982. We will examine these matters during a subsequent inspection.

Your response to violation number 3 requested that this violation be reduced from Severity Level IV to Severity Level V. We have considered the information presented in your letter in light of our inspection findings, and have concluded that the severity level should not be reduced.

We find your response to violation number 4 to be unacceptable. Based on a telephone conversation on March 5, 1982 between R. N. Sutphin and T. R. Tramm of your staff, we understand that you will be submitting an amendment to your response on March 18, 1982. We will review this item when your amended response is received.

Your cooperation with us is appreciated.

Sincerely,

Original Signed by C.E. Norelius^h
