

Assigned to: H. R. Denton - NRC Washington

The existing Environmental Emergency Plan Implementing Procedures Book, which presently contains both Environmental Director (ED) and Environs Group (EG) procedures, is being divided into two separate controlled procedure books.

The red binder with the silver lettering, entitled Environmental Emergency Plan Implementing Procedures, will become the Environs Group procedures binder. Please complete the following steps to accomplish this:

I. Remove and destroy the following:

- |                                                                                     |           |
|-------------------------------------------------------------------------------------|-----------|
| 1) Title page, GSEP Environmental Director                                          | 13) ED-10 |
| 2) Environmental Assistance Directory (telephone directory)                         | 14) ED-11 |
| 3) GSEP Environmental Director, Table of Contents dated February 13, 1981 (2 pages) | 15) ED-12 |
| 4) ED-1                                                                             | 16) ED-13 |
| 5) ED-2                                                                             | 17) ED-14 |
| 6) ED-3                                                                             | 18) ED-15 |
| 7) ED-4                                                                             | 19) ED-16 |
| 8) ED-5                                                                             | 20) ED-17 |
| 9) ED-6                                                                             | 21) ED-18 |
| 10) ED-7                                                                            | 22) ED-19 |
| 11) ED-8                                                                            | 23) ED-20 |
| 12) ED-9                                                                            | 24) ED-21 |
|                                                                                     | 25) ED-22 |
|                                                                                     | 26) ED-23 |
|                                                                                     | 27) ED-24 |

II. Remove the following tabbed insert pages labeled: If in your book.

- |                     |              |
|---------------------|--------------|
| 1) Director         | 5) ED11-ED15 |
| 2) ED + EG Contents | 6) ED16-ED20 |
| 3) ED1-ED5          | 7) ED21-ED25 |
| 4) ED6-ED10         | 8) ED26-ED30 |
|                     | 9) ED31-ED35 |

Keep these inserts if you are going to be issued the Environmental Director Procedures. If not, please return them to the GSEP Coordinator along with these instruction sheets.

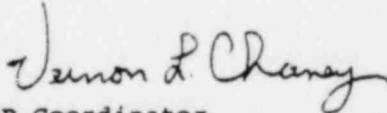

X005  
30/10

III. Insert the new Environs Group Title Page which contains your Control Number 112.

IV. In order to acknowledge receipt, please sign, date, and return this instruction sheet to:

GSEP Coordinator  
Commonwealth Edison Company  
72 West Adams - Room 1248  
Chicago, Illinois 60603

If there are any questions or comments, please call (312) 294-8536 or 8537.
