Office of Classification and
Technology Policy
U.S. Department of Energy
Washington, D. C. 20585

Dear Mr. Rooney:

Enclosed is an application for an export license (XSNM02523), recently received by the Nuclear Regulatory Commission, for the export of high-enriched uranium in the form of metal chunk and plutonium in the form of metal to be used for calibration of analytical instruments and/or certification of analytical method reliability by the Bureau Central de Mesures Nucleaires in Belgium. Assurances are required that the material will be subject to all of the terms and conditions of an agreement for cooperation. Your assistance in obtaining the necessary assurances will be appreciated.

Sincerely,

Marvin R. Peterson, Assistant Director
for International Security, Exports and
Materials Safety
International Programs
Office of Governmental and Public Affairs
