Dear Mr. Green:

Enclosed for your information is our biweekly listing of generic communications being considered or under development by the NRC staff. These include Bulletins (type coded BL on the list), Information Notices (IN) and Generic Letters (GL). Temporary Instructions, that cover the special NRC inspection effort resulting from certain generic communications, are listed with the type code TI. This listing includes all proposed generic communications that had been reported to us by March 30, 1990. The dates given are the ending dates for the quarter during which we expect the listings to be issued.

Sincerely,

Original Signed By
Carl H. Berlinger
