Dear Tom:

Enclosed is a copy of correspondence I received from Cindy Monaco, Cortland County's LLRW Coordinator.

Cindy would like to obtain copies of (1) the licenses for all of New York State's power plants and (2) any amendments to the licenses which would extend the operating lives of the plants. As with all the good counsel and advice you have provided to my office in the past, I would appreciate it greatly if you could respond to Cindy's request and I will forward it on to her.

Should you have any questions, please call Thom Heckard, of my office, at 225-3665. Thank you for your assistance.

With warmest regards,

Sincerely,

Sherwood Boehlert

Dear Congressman Boehlert:

As per my conversation with Thom Heckard, I am sending a written request for some NRC information. I need to obtain the following documents:

1. The licenses for all of New York State's power plants.
2. Amendments to the licenses which would extend the operating lives of the plants.

Marlene Taylor from the NRC is in the process of getting me the original dates of operation of the plants and the extended dates of operation. If you are able to provide the more detailed documentation requested above, that would be most helpful.

Thank you for your assistance in this matter. Your help is greatly appreciated.

Sincerely,

Cindy Monaco
