

May 17, 1990

Docket No. 50-443

LICENSEE: Public Service Company of New Hampshire

FACILITY: Seabrook Station, Unit 1

SUBJECT: MEETING SUMMARY

On May 15, 1990, the NRC had a combined meeting with the managements of New Hampshire Yankee Division (NHY) of Public Service Company of New Hampshire (PSNH) and Northeast Utilities (NU) to discuss recent PSNH management changes as a result of the April 20, 1990 U.S. Bankruptcy Court ruling and the implications of these changes, if any, to the current, safe operation of the Seabrook Station. From the information presented, the staff considers that the current changes do not raise a concern. It appears that more changes are expected. The staff will review such changes for its impact, if any, on the safe operation of Seabrook. NHY and NU reaffirmed that PSNH, as the designated licensee, continues to maintain complete operational authority over Seabrook through its NHY Division and that NU exercises no authority over Seabrook and will not do so until such time as the merger is officially completed and any necessary NRC approval is granted. There was no discussion of current licensing issues nor of any matters concerning the ongoing proceedings. A list of attendees to this meeting is enclosed.

The parties agreed to a June 11, 1990 meeting to discuss the details of the NU/PSNH bankruptcy proceeding on future operation of the Seabrook Station. A meeting notice with an agenda will be issued separately.

Original signed by
Victor Merses, Project Manager
Project Directorate I-3
Division of Reactor Projects I/II
Office of Nuclear Reactor Regulation
