Mr. Charles E. MacDonald, Chief  
Transportation Branch  
Division of Safeguards and Transportation  
Office of Nuclear Material and Safeguards  
U.S. Nuclear Regulatory Commission  
OWFN 4E4  
Washington, DC 20555

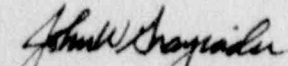

Dear Mr. MacDonald,

We request renewal of USNRC Certificate of Compliance 9053 issued for Amersham Model 683 Type B(U) package (Package Identification Number USA/9053/B(U)). We are enclosing a check for \$150.00 as the application fee for this renewal.

As the International Atomic Energy Agency Certificate of Competent Authority and the Canadian Endorsement Certificate for this package are coterminous with the USNRC Certificate of Compliance, we request this renewal be issued as expeditiously as possible in order to afford us sufficient time to obtain renewals of these other certificates.

We trust this contains the information necessary to support our request. If we can provide additional information, please contact us.

Sincerely,

John Graziadei  
Radiation Safety Specialist
