

MAY 30 1990

Mr. Tim Morton  
Westinghouse Hanford Company  
P. O. Box 1970  
Richland, WA 99352

SUBJECT: REGION V WORKSHOP ON REVISION 6 TO NUREG 1021, OPERATOR  
LICENSING EXAMINER STANDARDS

Dear Mr. Morton:

You are invited to send representatives of your staff to attend a one day workshop, June 15, 1990, on Revision 6 to NUREG-1021, the NRC Operator Licensing Examiner Standards, at the Grosvenor Airport Inn, 380 S. Airport Boulevard, S. San Francisco, California, (415) 873-3200, in the Essex Room.

Region V personnel will discuss the changes made effective June 1, 1990 in the standards due to this revision. Questions will also be answered. This meeting will be the day after the annual operator licensing conference which will be held in Concord, California this year. Consequently, your representatives should receive the latest information regarding the interpretation of this policy manual. You are strongly encouraged to send at least one representative to the meeting.

Please contact J. Bianchi, ((415) 943-3736), with information regarding your attendees. If you have any questions, please contact me or J. Bianchi regarding the meeting.
