Dear Sir:

Three Mile Island Nuclear Station, Unit 1 (TMI-1)  
 Operating License No. DPR-50  
 Docket No. 50-289  
 Inservice Inspection (ISI) Data Reports

In accordance with 10CFR 50.55a(g) and TMI-1 Technical Specifications, enclosed is GPUN's Form NIS-1, Owner's Data Report for inservice inspections performed at TMI-1 prior to and during the Cycle 8 Refueling Outage. This report includes examinations performed between August 16, 1988 and March 4, 1990. ISI examinations were conducted in accordance with the ASME Code, Section XI, 1974 Edition through Summer 1975 Addenda. This report is being submitted in compliance with Subarticle IWA-6220 of the Code.

Additionally, in accordance with GPUN Procedure 1504-ADM-3272.02, we are forwarding the Owner's Report for Repairs or Replacements, NIS-2 Forms. These reports describe repairs and replacements performed on Section XI Class 1 and 2 components. The reports submitted include documentation completed between September 17, 1988 and April 4, 1990. Reports completed after this date will be included with our next submittal following the Cycle 9 refueling outage.

Sincerely,

*H. D. Hukill for*  
 H. D. Hukill  
 Vice President and Director, TMI-1
