Dear Mr. Stoneberg:

To support the addition of the new area of use please provide a clear diagram showing the new stress lab and describing the facilities located above and below the lab. In addition, please request that senior management concur with the move of the stress lab via a signed letter. We have no further questions on the surveys conducted to remove the old stress lab. You may respond via pdf sent to my email or via fax to 610-337-5269. Please include the above mail control number in your response. If we do not receive a response within 30 days, we will consider that you no longer require the requested change and void your request. Thank you for your assistance,

Penny Lanzisera
