Dear Mr. Shupe:

This will confirm our telephone conversation recently during which I advised you that Pyr-A-Larm in our Dublin plant will be manufacturing one of our detectors for the Sunbeam Corporation and the North American Phillips Company (Norelco). These detectors will be similar to our Model FB-1, which is now listed in Amendment 08 dated February 25, 1976.

The labels on each of these detectors will carry the above license number.

The Sunbeam Corporation is located at 2001 South York Road, Oak Brook, Illinois, 60521. Their model number will be "Service No. 45-A1." The North American Phillips Company is located at 100 East 42nd Street, New York, N. Y., 10017. Their model number will be HB-0933.

Very truly yours,

Donald A. Diehl
