

May 12, 1993

NOTE TO JIM MC KNIGHT:

Please enter the attached documents in the NRC NUDOCS system. These documents are comprised of a transcript of the NRC's May 10, 1993, public meeting on the Design Basis Threat for Radiological Sabotage and presentation materials from the meeting.

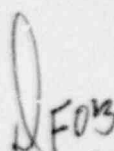

The applicable NRC regulation for the Design Basis Threat for Radiological Sabotage is 10 CFR 73.1. Copies of these documents should be made available to the public via the Public Document Room (PDR). I have forwarded advance copies to the PDR for availability to the public, upon request, after May 17.

Please let me know if you have any questions or need additional information.
