Gentlemen:

Edwin I. Hatch Nuclear Plant
Organizational Changes

On September 18, 1992, Georgia Power Company (GPC) submitted proposed amendments to Facility Operating License Nos. DPR-57 and NPF-5 which would authorize Southern Nuclear Operating Company, Inc. (SNC) to become the licensed operator and have exclusive responsibility and control over the physical construction, operation, and maintenance of Edwin I. Hatch Nuclear Plant, Units 1 and 2.

The September 18, 1992 application presented a list of SNC directors and officers as it existed at that time. Two separate letters, dated October 23, 1992 and March 5, 1993, have been submitted reflecting organizational changes which have occurred since the September 18, 1992 submittal. On May 3, 1993, the SNC Board of Directors elected Mr. W. G. Hairston, III President, Chief Operating Officer, and member of the Board of Directors, effective immediately. As the company's president, Mr. Hairston succeeds Mr. R. P. McDonald, who retires June 1, 1993, upon customary retirement. Mr. McDonald was named SNC Chairman of the Board and will remain SNC's Chief Executive Officer until his retirement. The SNC Board of Directors also announced that Mr. A. A. Franklin, President and Chief Executive Officer of Southern Company Services (SCS), will succeed Mr. R. P. McDonald as SNC Chairman of the Board and Chief Executive Officer upon his retirement. Mr. Franklin will assume his new duties in addition to his responsibilities at SCS.

On May 19, 1993, the GPC Board of Directors elected Mr. Hairston to succeed Mr. McDonald as Executive Vice President of GPC, effective June 1, 1993. As Executive Vice President of GPC, Mr. Hairston will report to Mr. A. W. Dahlberg, III relative to the operation of the GPC nuclear facilities. Mr. Hairston's successors for his prior positions at GPC and SNC will be named in the normal course of business.

These changes do not impact the significant hazards consideration evaluation or the conclusions made in the September 18, 1992 Application to Amend Facility Operating License Nos. DPR-57 and NPF-5.

A copy of this letter will be sent to Mr. J. D. Tanner of the Environmental Protection Division of the Georgia Department of Natural Resources.

Sincerely,

J. T. Beckham, Jr.

JTB/JDK
