Attention: Ms. Betty Wright
Export/Import Licensing Officer

Subject: Export Licensing Application for Reload Fuel
for Central Nuclear De ASCO Unit 2 in Spain

Dear Ms. Wright:

The attached is General Electric Company's original NRC License application for 171 Kgs of uranium dioxide as fuel rods to be exported to Empresa Nacional Del Uranio, S.A. (ENUSA) (fuel fabricator) with ultimate end use being lead test assemblies for ASCO Unit 2 in Spain.

Enclosed also is General Electric Company's check #2036259 in the amount of \$3,100.00 payable to the U.S. Nuclear Regulatory Commission for the processing and issuance of this export license as required by law. This export license is required as soon as possible to assure first shipment by July 1993.

Your prompt assistance and contact with the U.S. State Department and Department of Energy is required.

Thank you for your attention in this matter.

Sincerely,

for D. L. Murray
