Materials License No. SNM-7
Docket No. 70-8

Dear Sir:

Thank you for making yourself and staff available to meet with us at 9:30 a.m. on Tuesday, June 22, 1993, at your offices in Rockville, Maryland. During the course of the meeting we would like to discuss the following topics:

1. The status of Battelle's July 25, 1990 Request for Exemption, as supplemented on May 25, 1993;
2. The submittal of Battelle's amendment/renewal for License No. SNM-7;
3. Any questions or concerns that you may have with respect to:
 - our May 25, 1993 submittal of the BCLDP Decommissioning Plan,
 - our May 28, 1993 request for amendment deleting requirement for continued criticality monitoring, and
 - our June 1, 1993 notification of intent to comply with new 10 CFR 20.

If you have additional areas of discussion, please feel free to raise them; however, advance notice would be helpful to the extent I need to properly prepare or bring the appropriate Battelle staff.

Sincerely,

Gregory Fess
NRC Licensing Coordinator
