Dear Mr. Johnson:

Subject: Routine Inspection No. 030-28902/93-001

On April 1 and 2, 1993, Eric H. Reber, Kathleen Dolce and myself conducted a routine safety inspection at the above address of activities authorized by the above listed NRC license. On April 27, 1993, Mr. Reber obtained additional information regarding inspection items in a telephone conference with Leonard Smith of your staff. The inspection was an examination of your licensed activities as they relate to radiation safety and to compliance with the Commission's regulations and the license conditions. The inspection consisted of observations by the inspector, interviews with personnel, and a selective examination of representative records. A copy of the NRC inspection report is enclosed. The findings of the inspection were discussed with individuals in item 1 of the attached Inspection Report at the conclusion of the inspection.

Within the scope of this inspection, no violations were identified.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosure will be placed in the Public Document Room. No reply to this letter is required.
