Subject: Facility Inspection Invoice

Reference: Invoice No.: SM0411-93 dated 06/01/93

Dear Sir:

Florida Power Corporation (FPC) received subject invoice regarding Region II inspection fees for Crystal River Unit 3 (CR-3). Review of the invoice indicated that charges for Inspection Report Number 92-018 appear to be excessive and above the normal charges for such an inspection.

Inspection 92-018 was conducted by Mr. R. Schin and other NRC personnel on July 12 - August 22, 1992. However, specific charges for weeks included during this time frame were billed as separate inspections, e.g., 92-015, 92-020 and 92-022.

Please provide a detailed report itemizing the 322.5 hours charged for Inspection 92-018. FPC will submit the total invoice amount on July 1, 1993. However, if it is concluded that an error in billing did occur, FPC's account should be adjusted appropriately.

Sincerely,

K. R. Wilson, Manager
Nuclear Licensing
