

ENCLOSURE 2

NOTICE OF DEVIATION

Carolina Power & Light Co.
Brunswick

Docket Nos.: 50-325 and 50-324
License Nos.: DPR-71 and DPR-62

During an NRC inspection conducted on May 17-21, 1993, a deviation of written commitments was identified. In accordance with the "General Statement of Policy and Procedure for NRC Enforcement Action," 10 CFR Part 2, Appendix C the deviation is listed below.

In the enclosure to Carolina Power & Light Co. (CP&L) Letter dated September 21, 1992, Serial: BSEP-92-0019, Subject: Licensee Event Report 2-92-006, CP&L committed to develop procedural control enhancements for implementation of plant modifications which address temporary removal of interference from existing equipment. CP&L committed to have the procedures covering these enhancements approved and in place by March 31, 1993.

Contrary to this commitment, as of May 21, 1993, NRC identified that the new procedure which specifies the procedural control enhancements discussed above had not been approved or issued.

Please provide to the U.S. Nuclear Regulatory Commission, ATTN: Document Control Desk, Washington, D.C. 20555, with a copy to the Regional Administrator, Region II, and if applicable, a copy to the NRC Resident Inspector, in writing within 30 days of the date of this Notice, the reason for the deviation, the corrective steps which have been taken and the results achieved, the corrective steps which will be taken to avoid further deviations, and the date when your corrective actions will be completed. Where good cause is shown, consideration will be given to extending the response time.
