MEMORANDUM TO: FILE *Debbie DeMarco*  
FROM: Debbie DeMarco, Sr. Policy Analyst  
Policy Branch  
Division of Contracts and  
Property Management  
SUBJECT: OGC's Review and Concurrence on Final NRCAR

Brian Kildee called on October 14, 1992, to provide comments on the Final NRCAR. Two Substantial issues were raised:

- o SEP Competitive Range Report and Final Recommendation Report wants revised language
- o Proposal Presentation and Format OGC wants clause deleted

Other minor edits were also discussed.

It was decided by Mr. Halman, Mr. Foster and myself, that the substantial changes will be edited when the NRCAR is amended to include the new commission approved COI policy.

It was also agreed that the minor edits would be made to the package before it is submitted to the Federal Register for publication.
