Joseph M. Farley Nuclear Plant  
Notice of Organizational Change and  
Change in Distribution for NRC Correspondence

Gentlemen:

On July 19, 1993, the Southern Nuclear Operating Company (SNC) Board of Directors elected Mr. D. N. Morey vice president of the Farley Project, effective immediately. Mr. Morey succeeds Mr. J. D. Woodard, who was recently named as SNC executive vice president. As a result of these organizational changes, the distribution list for correspondence sent to SNC concerning Plant Farley should be revised as follows: The principal addressee should be Mr. D. N. Morey; Mr. W. G. Hairston, III should be deleted from the list; and Mr. J. D. Woodard should be added. The addresses of these individuals are provided as an attachment to this letter. Mr. Morey's successor for his prior position at SNC will be named in the normal course of business. Other SNC personnel on distribution remain unchanged.

If you have any questions, please advise.

Very truly yours,

  
J. D. Woodard
