SUBJECT: Limerick Generating Station, Units 1 and 2
Submittal of Revisions to the Physical Security Plan

Dear Sirs:

Limerick Generating Station is submitting a revision to its Physical Security Plan, changes include:

Title changes within the Security Organization
Protection of Vital Area Openings
Minimum Handgun Requirement
Nuclear Plant Security and Safety Group was deleted

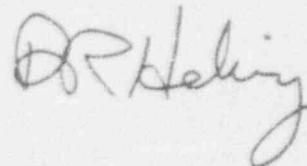

These revisions do not decrease the effectiveness of the Physical Security Plan. The revisions to the plan are being submitted in accordance with the requirements of 10CFR50.54(p).

In accordance with 10CFR73.21, we request that the attached Summary of Plan Changes and the revision pages of the Physical Security Plan be withheld from public disclosure.

If you have any questions or require additional information, please do not hesitate to contact us.

Very truly yours,

RCB/sm
