Re: License No. 37-20746-01
Inspection No. 91-01

Dear Mr. Swetland:

In response to the Notice of Violation, Docket 030-22026, please be advised that a Radiation Safety Officer has been hired and trained to replace Joseph Marchionne.

Mr. Robert Griener was named Safety Officer as of 1/1/91, and successfully completed training in the use of nuclear testing equipment on 2/28/91. We have enclosed a copy of the training certificate issued to Mr. Griener for operation of nuclear testing equipment.

Also, by means of this letter we are requesting a license amendment to change the name of our RSO to Robert Griener. We must emphasize the need for expedited processing of the amendment. Mr. Griener is the sole employee trained and certified to operate nuclear testing equipment, a function critical to our overall business. Any extended delay in granting the amendment will cause job shutdowns, and jeopardize our ability to carry out contractual obligations. We have enclosed a check in the amount of \$300 as the appropriate fee for a class 3P license amendment.
