IN RESPONSE REFER  
TO FOIA-81-410

Dear Mr. Simpson:

This is in further response to your letter of October 7, 1981 in which you requested, pursuant to the Freedom of Information Act, information pertaining to eight enumerated companies which manufacture semiconductors, integrated circuits and microcomputer chips.

Please find enclosed the six documents listed on Appendix A. These documents pertain to incidents involving Signetics Corporation which occurred in 1977 and 1981.

A search in the NRC's Region IV (Arlington, Texas) and Region V (Walnut Creek, California) offices has not produced any documents pertaining to Intel Corporation. It would be helpful if you could provide more specific information from the May 2, 1981 newspaper clipping you cited, such as the location and date of the Krypton-85 venting.

It is our understanding that you will contact NMSS directly in order to make arrangements to review the documents pertaining to three NRC licensees.

Sincerely,

M. M. Felton, Director  
Division of Rules and Records  
Office of Administration

FREEDOM OF INFORMATION  
ACT REQUEST

FOIA-81-410  
rec'd 10/14/81

Dear Sir or Madam:

I would like to request under the Freedom of Information Act any material your agency might have on the following eight companies. The companies are:

Fairchild Camera and Instrument Corp, based in Mountain View, CA; a subsidiary of Schlumberger.

National Semiconductor Corp

Intel Corp

Signetics

Advanced Micro Devices

Motorola Semiconductor Corp, of Phoenix AZ

Texas Instruments Corp of Dallas TX

Mostek, a subsidiary of United Technologies, also based in Texas.

} all based in Santa Clara County, CA,  
also known as "Silicon Valley"

All are manufacturers of semiconductors, integrated circuits and microcomputer chips. I am particularly interested in the workplace and environmental impact of this manufacturing process.

Please feel free to call me at the above number if I can be of any assistance. Thank you for your prompt attention to this request.

Sincerely,

Christopher Simpson
