Mr. Harold R. Denton, Director  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Subject: Byron Station Units 1 and 2  
Braidwood Station Units 1 and 2  
Emergency Evacuation Time Estimates  
NRC Docket Nos. 50-454, 50-455,  
50-456 and 50-457

References (a): March 11, 1982, letter from  
B. J. Youngblood to L. DelGeorge.

(b): August 29, 1980, letter from  
L. DelGeorge to D. G. Eisenhower.

Dear Mr. Denton:

Information regarding evacuation time estimates for Byron and Braidwood was requested by the NRC in reference (a). Our records indicate that most of this information was provided by Commonwealth Edison in reference (b) in response to earlier requests from NRC.

If that information has not been received, please advise me so that additional copies may be provided. If that information has been received and reviewed, please revise question 810.1 to delineate the identified deficiencies in the previous analyses.

One (1) signed original and fifteen (15) copies of this letter are provided for your use.

Please address questions regarding this matter to this office.

Very truly yours,

T. R. Tramm  
Nuclear Licensing Administrator
