PHILADELPHIA ELECTRIC COMPANY  
(Limerick Generating Station, Units 1 and 2)  
Docket Nos. 50-352 and 50-353

Dear Ms. Dorsey:

This is in response to your letter of February 24, 1982, in which you requested that petitioner Limerick Ecology Action (LEA) be provided (at its expense) with a copy of the tape made by Brookhaven National Laboratory (BNL) of the PRA meeting held on February 11-12, 1982 at BNL. Since the tape was prepared by BNL on its own initiative and for its own purposes, was not paid for by the NRC, and is not in the possession of the NRC, the Staff views it as BNL's decision whether to make a copy of the tape for LEA. We have discussed your request with BNL officials and they have indicated that they are not prepared to make a copy of the meeting tape.

You also requested a list of the BNL participants in the PRA meeting and an identification of which BNL participants will continue to have responsibility for the BNL review of the Limerick PRA. A list of BNL participants is attached to the summary of the meeting, which you should have already received. Among the BNL participants listed there, the following persons will have the principal responsibility for the Limerick PRA review:

I. Papazoglou (Group Leader)  
R. Karol  
K. Shiu  
L. Lederman

Please feel free to contact me if you have any further questions on this matter.

Sincerely,
