In the Matter of	:	Docket Nos. 50-352
	:	
PHILADELPHIA ELECTRIC COMPANY	:	50-353

AMENDMENT NO. 30
TO
LICENSE APPLICATION OF
PHILADELPHIA ELECTRIC COMPANY

Applicant, Philadelphia Electric Company, hereby amends its Application in the above-entitled proceeding by deleting in its entirety the document entitled "Plant Security Personnel Training and Qualification Plan" dated September, 1981, and substituting therefor a revised version of the document dated March, 1982, which is filed herewith and incorporated herein by reference. Revisions to the document are indicated by a bar in the right margin of the Plan pages.

Pursuant to Section 2.790(d) of the Commission's regulations, it is hereby requested that the revised Personnel Training and Qualification Plan be withheld from public dis-

closure. In support of its request for withholding from public disclosure, Applicant states:

The Personnel Training and Qualification Plan which is sought to be withheld from public disclosure contains Safeguards Information and details relating to the physical security plans for Limerick Generating Station.

The information set forth in the Personnel Training and Qualification Plan has been treated as confidential and proprietary information and has been withheld from public disclosure by Applicant in accordance with Applicant's practice of treating all information dealing with Safeguards Information and the details of security plans and procedures and information which could be used to compromise the security and safety of its facilities as confidential and proprietary information.

The Personnel Training and Qualification Plan should be considered by the Nuclear Regulatory Commission as confidential and proprietary information and be withheld from public disclosure on the grounds that it contains Safeguards Information, it contains details relating to the physical security plans and procedures of a licensed facility, it contains detailed information which could be used to compromise the safety and security of the facility, such disclosure is not required in the public interest,

and such disclosure would adversely affect the interests of
Applicant.

Respectfully submitted,

PHILADELPHIA ELECTRIC COMPANY
