Dear Dr. Bush:

Sixteen copies of a special report to the ACRS by the Division of Reactor Licensing are enclosed for review by the Committee. The report, as requested by the ACRS, presents a comparison of the characteristics of the Limerick and Newbold Island sites, and a comparison of the significant design features for the proposed boiling water reactor facilities.

This report has been prepared for consideration by the ACRS at its May meeting.

Sincerely,

Original signed by  
Peter A. Morris
