May 15, 1982

WEST BRANCH CONSERVATION ASSOCIATIONS REQUEST TO  
NRC STAFF TO EXPEDITE REPLIES AND SECOND SET OF  
INTERROGATORIES TO STAFF, LICENSEES AND STATE OF N.Y.

On April 21 we mailed you a list of publications  
and records which are in the public domain and for which  
we had agreed with Staff would require an informal re-  
quest. May we have them as you can supply them rather  
than wait for the whole package?

WBCA-4.4-12

If a hospital has been advised to shelter its  
patients rather than move them, and a radioactive plume  
has passed over it, who will take over the clean-up, the  
monitoring and the responsibility of aiding the occupants  
of a State hospital?

State hospitals by other than State personnel requires letters of agreement. Are there any such for Rockland Psychiatric Hospital or Helen Hayes Rehabilitation Hospital?

WBCA-4.4-14

Critics of the RERP have stated that the RERP for a General Emergency as described in Appendix of NUREG-0654, has written into it a necessity to make triage type decisions as to who receives consideration for safety and in what order. Please comment on the ability of the Plan to assure the safety of all citizens of Rockland County with equal opportunities for their safety and protection.

WBCA-4.4-15

Considering the breakdowns in communications in Rockland County and the lack of suitable equipment/as described in FEMA's evaluation draft of the March 3 drill, when do you expect remedies to those defects? Who will pay for them? How will the people unable to move themselves be assured their safety can be served in Rockland County?

WBCA-4.4-16

In what time frame might the citizens of Rockland County expect to have in place the type of evacuation plan as envisaged in NUREG-0654 and 50CFR?

Respectfully submitted,
