Mr. Harold R. Denton, Director
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, DC 20555

Subject: LaSalle County Station Units 1 and 2
Final Report for the LaSalle
Independent Design Review
NRC Docket Nos. 50-373 and 50-374

Dear Mr. Denton:

The purpose of this letter is to transmit the subject final report to you. This report completes our submittal to meet license condition 2.C.(28) of NPF-11.

Under separate cover, this material is being provided to Mr. James G. Keppler.

If there are any questions in this matter, please contact this office.

Very truly yours,

CW Schroeder 6/1/82

C. W. Schroeder

Mr. L.O. DelGeorge:

Subject: Final Report for the LaSalle
Independent Design Review

Enclosed is the final report prepared by Teledyne Engineering Services for the Independent Design Review at LaSalle County Station. The basic conclusion was that none of the items found by Teledyne in their review had the potential for significant safety impact.

You should transmit this information to Mr. Denton and Mr. Keppler.

B. R. Shelton
