Re: application XSNM 1952

Dear Mr Griffin:

I wish to refer to your letter of April 28, 1982 regarding an application from Westinghouse Electric Corporation, Pittsburgh for a license to export 110 grams U containing 5 grams U-235 to be exported to AB ASEA-ATOM, Västerås, Sweden.

The material will be delivered to AB ASEA-ATOM, Västerås for comparatory laboratory tests.

We are now able to inform you that the above mentioned material will be subject to all terms and conditions of the US-Swedish agreement of cooperation regarding civil uses of atomic energy.

AB ASEA-ATOM is authorized to receive and possess the material.

We would appreciate it if you would send us copies of the export license when it has been approved.

Sincerely,

Lars Magnuson
First Secretary of Embassy
