MEMORANDUM FOR: Al Grella, Chief
Materials Radiation Safety Section
IE:HQ

FROM: H. E. Book, Chief
Radiological Safety Branch
Region V

SUBJECT: LAND BURIAL AREA AT V.A. HOSPITAL, LOS ANGELES -
LICENSE NO. 04-00181-04

Some time ago we received a request by telephone for NRC guidance on the NRC position on conversion of the land burial area at this facility to use as a public park. Today we received a letter dated April 15, 1981 which confirms, in writing, the earlier verbal request. I am enclosing a copy for your information and files.

I understand that the decision in this matter will be made by NMSS, and that the problem has been assigned to L. W. Camper of that organization. Therefore, by copy of this memo I am transmitting the original of the letter from the licensee to L. W. Camper for their files and action.
