Michelle Beardsley
State Regulation Review Coordinator
State Agreement and Liaison Programs Branch
Division of Materials Safety, Security, State, and Tribal Programs
Office of Nuclear Materials Safety and Safeguards
U.S. Nuclear Regulatory Commission

Subject: Response to Comments on New Jersey regulations 7:28, Subchapters 1, 58, 61, 63, and 65, received by the NRC on January 27, 2020.

Dear Ms. Beardsley:

The New Jersey Department of Environmental Protection, Bureau of Environmental Radiation staff reviewed the above listed document and offers the following comments:

1. Compatibility Comment: New Jersey does not need to add the statement in 37.23(b)(2) due to the CFR replacement terms in N.J.A.C. 7:28 Table 1: Replacement terms for terms in CFR provisions incorporated by reference. NRC Regional Office or Director of Office of Federal and State Materials and Environmental Management Programs; Director, Division of Security Policy, Office of Nuclear Security and Incident Response; or Director of the Office of Nuclear Material Safety and Safeguards is to be replaced with Bureau of Environmental Radiation at the address specified in N.J.A.C 7:28-1.5(b).
2. Comment Not Related to Compatibility: N.J.A.C. 7:28 Table 1 has been updated in the most recent proposal dated December 2, 2019. This proposal has been reviewed by John Miller and received no comments. An updated N.J.A.C. 7:28 Table 1 with Part 34 listed will be adopted before August 2020.

Sincerely,

Jenny Goodman, Manager
Bureau of Environmental Radiation
