(Clinton Power Station, Unit 1)
Docket Nos. 50-461 OL

Dear Administrative Judges:

Enclosed is another memorandum of the Court of Appeals for the District of Columbia in People Against Nuclear Energy vs. United States Nuclear Regulatory Commission, No. 81-1131. As you probably recall, this case involved the question of whether an environmental impact statement for the restart of the Three Mile Island-1 facility had to address the alleged potential psychological health effects of such an action.

Sincerely,

Jay M. Gutierrez Counsel for NRC Staff
