BEFORE THE
UNITED STATES NUCLEAR REGULATORY COMMISSION

In the Matter of : Docket Nos. 50-352
: PHILADELPHIA ELECTRIC COMPANY : 50-353

AMENDMENT NO. 31

TO

LICENSE APPLICATION OF
PHILADELPHIA ELECTRIC COMPANY

Applicant, Philadelphia Electric Company, hereby amends its Application in the above-entitled proceeding by deleting from the Limerick Generating Station Safeguards Contingency Plan the cover, the title page, page 1-4 and pages 12 and 16 of the Responsibility Matrices of the Plan and substituting therefor a revised cover, title page, page 1-4 and pages 12 and 16 of the Responsibility Matrices, dated April, 1982, which are filed herewith and incorporated herein by reference. Revisions to the document are indicated by a bar in the right margin of the revised Plan pages.

Pursuant to Section 2.790(d) of the Commission's regulations, it is hereby requested that the revisions to the Safeguards Contingency Plan be withheld from public disclosure.

In support of its request for withholding from public disclosure, Applicant states:

The revisions to the Safeguards Contingency Plan which are sought to be withheld from public disclosure contain Safeguards Information and details relating to the physical security plans for Limerick Generating Station.

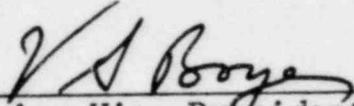

The information set forth in the revisions to the Safeguards Contingency Plan has been treated as confidential and proprietary information and has been withheld from public disclosure by Applicant in accordance with Applicant's practice of treating all information dealing with Safeguards Information and the details of security plans and procedures and information which could be used to compromise the security and safety of its facilities as confidential and proprietary information.

The revisions to the Safeguards Contingency Plan should be considered by the Nuclear Regulatory Commission as confidential and proprietary information and be withheld from public disclosure on the grounds that they contain Safeguards Information, they contain details relating to the physical security plans and procedures of a licensed facility, they contain detailed information which could be used to compromise the safety and security of the facility, such disclosure

is not required in the public interest, and such disclosure would adversely affect the interests of Applicant.

Respectfully submitted,

PHILADELPHIA ELECTRIC COMPANY
