~~J. P. O'Reilly~~, Senior Reactor Inspector
Region I, Division of Compliance

SUBJECT: U. S. ARMY MATERIALS RESEARCH AGENCY (WATERTOWN ARSENAL)
DOCKET NO. 50-47

The attached report by our field inspector of an unannounced visit to the subject facility on January 7, 1966, is forwarded for information. No items of noncompliance and no safety problems were noted.

The experimental program, using reactor beam ports, was noted by our inspector to be increasing. This area will be reviewed in more detail during the next routine inspection.

As requested by the Assistant Director, Reactor Licensing, in his memorandum to the Assistant Director for Reactors, Compliance, of September 20, 1965, information on the facility's airlock is contained in the attached report.
