Dear Sir:

The NRC was notified of a potentially reportable deficiency in  
Reference (A) and an Interim Report was transmitted by Reference  
(B). At that time, it was estimated that a Final Report would be  
available by May 26, 1982.

Due to the extensive investigation and evaluation required, it is  
now expected that this information will be finalized by August 26,  
1982 when a complete report will be submitted.

There is no new information or change to the Interim Report at this  
time.

Very truly yours,
