SUBJECT: Analytical Assessment for Effects of Loose Parts, Zion 1

REF: Commonwealth Edison Company Letter (Application for Withholding),  
Lentine to Eisenhut, June 1982

Dear Mr. Eisenhut:

The proprietary material for which withholding is being requested by Commonwealth Edison Company is proprietary to Westinghouse and withholding is requested pursuant to the provisions of paragraph (b)(1) of Section 2.790 of the Commission's regulations. Withholding from public disclosure is requested with respect to the subject information which is further identified in the affidavit accompanying this application.

The undersigned has reviewed the information sought to be withheld and is authorized to apply for its withholding on behalf of Westinghouse, WRD, notification of which was sent to the Secretary of the Commission on April 19, 1976.

The original affidavit accompanying this application sets forth the basis on which the information may be withheld from public disclosure by the Commission and addresses with specificity the considerations listed in paragraph (b)(4) of Section 2.790 of the Commission's regulations.

Accordingly, this letter authorizes the use of the proprietary information and affidavit CAW-82-32 by the Commonwealth Edison Company for Zion Unit 1.

Correspondence with respect to this application for withholding or and accompanying affidavit should reference CAW-82-32 and be addressed to the undersigned.

Very truly yours,

  
Robert A. Wiesemann, Manager  
Regulatory & Legislative Affairs
