

UNITED STATES OF AMERICA
NUCLEAR REGULATORY COMMISSION

June 21, 1982

Before the ATOMIC SAFETY AND LICENSING BOARD Dockets 50-400/401 O.L.

Pursuant to the June 3 conference call and the Board's order served June 7, 1982 as regards a list of 20 contentions to first be discussed at the special prehearing conference now scheduled ~~for~~ for July 13-14, 1982, Wells Eddleman states the following:

(1) since at this stage of the proceeding it is not necessary to reach the merits of any contention, but only to establish that contentions are sufficiently specific to put Applicants on notice "at least generally," what they are expected to defend against, the following in no way states, nor can the Board require me to state, which are the "best" contentions I have filed. I object to that part of the Board's Order served June 7 as ~~improper~~ improper and irrelevant, for the above reasons. Yet,

(2) it is obvious from the conference call (transcript not yet at the LPDR) of June 3 that the Board wants me to list the first 20 contentions I want to have discussed at the July 13-14 conference, and perhaps a further "next 20". Subject to the above, I have no problem doing that. The list of contentions follows, with those related to a contention designated for discussion placed in parentheses for some listed contentions. A lack of ~~related~~ does not mean there are not related contentions to one listed.

First 20 to discuss: #'s 3(127X, etc; 6-5-82 amendment), 4, 7¹, (8) 14, 41-42, 65
15 (16 thru 23, 94, 95, 104, 114, 126, 126X, 129 etc), 57 (56, 1, 2, 29, 30, 32, 97, 103, 118, 81, 99, 139, 140), 46, 47 (48-51, 97, 110, 115, 125, 130), 54 (53, 133, 33, 34), 59, 60, 64 (24-28, etc), ~~29~~ 78 (134), 84, 87, 105, 112, 115, 132. Next 20: 106, 134, 70, 71, 72, 116, 131, 136, 137, 6, 33, 73, 110, 91, 97, 103, 120, 10, 128, 52.
