With the May 14 order the Board retained jurisdiction over two issues, one relating to the adequacy of siren notification in the city of San Clemente and the other concerning the need for medical arrangements for the general public. On June 15 the Licensing Board

- 1/ The latest NTOL status report indicates that Southern California Edison does not expect Unit 2 to go critical until the week of July 7 and that it would not be ready to exceed 5% of rated power until the week of August 1.

P/22

issued an order resolving the siren notification question and terminating jurisdiction over the issue. The Board decided that the information on siren notification deficiencies forwarded by the City of San Clemente and Intervenor Guard, et al., did not merit reopening the proceedings and determined that the existing siren system and alternative means of notification provide reasonable assurance that adequate notification to the public within the plume exposure pathway Emergency Planning Zone will be accomplished. See 10 CFR 50.47(b)(5).

EX-5

As we noted
there is some question as to

In our view,

CV.
5

We recommend

now

but the question

While we believe that
we recommend that

The main advantage

The Intervenor in this proceeding have filed a motion for a stay of the full-power decision with the Appeal Board.

Oral argument on the stay motion is scheduled for June 25 in Bethesda. We expect that

OPE has reviewed

Recommendation:

Leonard Bickwit, Jr.
General Counsel

Attachment:
Draft Order

Commissioners' comments should be provided directly to the Office of the Secretary by c.o.b. Friday, July 9, 1982.

Commission Staff Office comments, if any, should be submitted to the Commissioners NLT Friday, July 2, 1982, with an information copy to the Office of the Secretary. If the paper is of such a nature that it requires additional time for analytical review and comment, the Commissioners and the Secretariat should be apprised of when comments may be expected.
