MEMORANDUM FOR: William V. Johnston, Assistant Director  
for Materials & Qualifications Engineering  
Division of Engineering

Robert L. Tedesco, Assistant Director  
for Licensing  
Division of Licensing

~~Joseph D. LaFleur~~, Deputy Director  
Office of International Programs

FROM: Gus C. Lainas, Assistant Director  
for Safety Assessment  
Division of Licensing

SUBJECT: SAFETY MISSION - FLUID INDUCED VIBRATION  
OF WESTINGHOUSE D-TYPE STEAM GENERATORS

Enclosed are copies of the presentations made by the Swedish, Spanish and Brazilian at the recent safety mission conference held during the week of January 17, 1982.

Much of the information is useful in determining our course of action relative to the McGuire Unit 1 station.

I have made a limited distribution and would expect that the reviewers will be provided this information. Please note that some of this information is Westinghouse proprietary.
