MEMORANDUM FOR: Eric S. Beckford, Director
Office of Nuclear Regulatory Research

FROM: Stuart A. Treby, Assistant General Counsel
for Rulemaking and Fuel Cycle

SUBJECT: LEGAL REVIEW OF PROPOSED RULEMAKING--NOTIFICATIONS
OF INCIDENTS 10 CFR 20.403

OGC has reviewed the rulemaking package and has no legal objection. The Draft Regulatory Analysis has a minor typographical error in the sentence above Table 1. The word "indusdy" should read "industry."

for Rulemaking and Fuel Cycle, OGC
